

**Graduate Major in Energy Science and Engineering**

**Doctoral course presentation for graduation in December, 2023**

Department of Electrical and Electronic					
Date	Time	Venue	Presenter	Thesis title	Supervisor
Oct. 16 (Mon.), 2023	15:00-17:00	Ookayama Campus, Ishikawadai I6 building, Room 322	WANG Weicen	Effect of gas generation by chemical reactions on two-phase displacement in porous media	Tetsuya Suekane

Department of Transdisciplinary Science and Engineering					
Date	Time	Venue	Presenter	Thesis title	Supervisor
Oct. 20 (Fri.), 2023	15:00-16:30	Ookayama Campus, Ishikawadai I3 building, Room 306	Abraham Castro Garcia	Machine learning-based analysis of solvothermal lignin and lignocellulose liquefaction	Jeffrey Cross
